SUBJECT: KTDF PURSE STRUCTURE – KENTUCKY DOWNS TRANSFER OF \$200,000 OF KTDF MONIES GENERATED FROM WAGERS ON HHR TO ELLIS PARK

At the June 8, 2022, KTDF Advisory Committee meeting Kentucky Downs agreed to a transfer of \$200,000 to Ellis Park to support the passage of HB 607. Ellis Park submitted a proposal for spending a portion of their KTDF funds on claiming races.

This request is supported by the KyHBPA and the KTA-KTOB.

The KTDF Advisory Committee Members recommend approval.

Dear KTDF Committee Members,

Per my verbal commitment yesterday at the KTDF meeting, Kentucky Downs wants to continue its support of the Kentucky circuit and the new ability to support claiming races. In addition to the already approved transfer of \$1 million to Ellis Park for their 23-day Summer meet, we would like your approval to send \$200,000 to Ellis Park to be used exclusively to elevate their claiming races.

We appreciate your review of this proposal and urge your approval of this plan.

Sincerely,

Ted Nicholson

Committee Members:

Pending KTDF advisory board approval Ellis Park intends to allocate approximately 3% of its 2.8 million in total KTDF funds towards claiming races for the upcoming 2022 summer meet.

We will payout on a three tier basis:

- Tier 1 \$5,000 to \$10,000 claiming - \$500
- Tier 2 \$11,000 to \$15,000 claiming- \$1,000
- Tier 3 \$16,000 and upward - \$1,500

- Tier 1 Starter \$5,000 - \$500
- Tier 2 Starter \$7,500 - \$1,000
- Tier 3 Starter \$10,000 – \$1,500

KTDF purses will be listed as plus to the total purse and not inclusive.

Ex. \$15,000 (plus \$1,000 KTDF)

Should additional funds come available we would increase up to 5% of available monies towards claiming races, however if funding is unavailable we will not takeaway monies from Maiden, Allowance and stake races to insure their purse amount stay at respectable levels.

Please contact me should you have any questions or need additional information.

Respectfully submitted,

Dan Bork

Re: RATIFICATION OF KENTUCKY PROUD SERIES RACE DATE FOR THE WOODFORD COUNTY FAIR AT THE MARION COUNTY FAIRGROUNDS

At the December 14, 2021 Commission Meeting the 2022 race dates for the Kentucky Proud Series were approved. Mr. James Avritt, Sr. spoke to the KHRC on February 10, 2022 and verbally requested to change the Woodford County Fair date from Sunday, June 19, 2022 to Saturday, June 18, 2022. The date change was approved by the Commission on April 26, 2022.

Woodford County Fair Board, via email, submitted a request to the Kentucky Horse Racing Commission, to ratify the Woodford County Fair race date from Saturday, June 18, 2022 to Thursday, June 23, 2022. There was a scheduling conflict on June 18, 2022, as presented in the materials.

The KHRC staff recommends approval.

Subject: Moving Woodford County Fair Race Date

Hello Susan,

The Woodford County Fair race date is scheduled for June 18, 2022, at the Marion County fairgrounds.

As the representative of Woodford County Fair Harness Racing I was contacted today by Mr. Jim Avritt of the Marion County fair board and informed that a scheduling conflict has occurred, as a large cattle show has also been scheduled for the fairgrounds on June 18 and stabling of horses will not be available.

After discussion with Mr. Avritt, it appears that Thursday June 23, 2022 would be the best alternative. That date would be 11 days after Christian County Fair and 6 days before the Marion County Fair.

I have spoken with all previously approved officials and they have agreed to the alternate date.

I respectfully ask that the Kentucky Horse Racing Commission approve changing the race date for the Woodford County Fair Racing @ Marion County fairgrounds from June 18, 2022 to June 23, 2022

Thank you for your consideration,

Re: ECL Corbin's request to amend Section R of its 2022 application to shift race meet location

In its application for a 2022 license, ECL Corbin, LLC ("ECL Corbin") sought and received an award of twelve (12) 2022 racing dates, as follows:

October 16, 17, 18, 23, 24, 25, 30, 31
November 1, 6, 7, 8

On October 26, 2021, ECL Corbin requested approval of its 2022 Application, which describes Racing and Wagering Operations. It noted that ECL Corbin requested to conduct its 2022 racing operation at another suitable racetrack, similar to the race meeting held in Summer 2021. On May 10, 2022, the Kentucky Horse Racing Commission received a letter from ECL Corbin requesting to host their race dates listed above, at The Red Mile Racetrack. ECL Corbin's request was made due to the overall concern of safety. The racing surface is estimated to be completed one (1) month prior to the first race date, which ECL Corbin states is not a sufficient amount of time for the racing surface to settle. This request does not seek to alter the number of race dates in any way.

Per review of Kentucky statutes and regulations, nothing prohibits the Commission from approving ECL Corbin to race their meet at The Red Mile Racetrack. Although the award of additional race dates to a track after the November 1 deadline is not allowed under KRS 230.300(5), except in limited circumstances,¹ that is not what ECL Corbin seeks. Instead, ECL Corbin seeks only to shift the location of their race meet.

¹ This reading of the statute is confirmed by two (2) Attorney General Opinions. See 1980-81 Ky. Op. Att'y Gen. 2-883 (1981) ("[I]t is not within the scope of authority of the Kentucky State Racing Commission to award additional racing dates to [a track] in absence of the cancellation of previously scheduled dates due to flood, fire, or inclement water, or an extraordinary disruption of the orderly conduct of business amounting to the same crisis level as a natural disaster."); 1978-79 Ky. Op. Atty' Gen. 2-539 (1979) ("By fixing the March 1 deadline, the legislature has clearly demonstrated its intent that the Commission shall decide who shall be awarded what dates by that time, and that, under ordinary circumstances, that decision shall be final."). One of those opinions suggested that the award of additional race dates could have dire consequences: "For, if the Commission were to award dates which were obviously unrelated to the purpose of making up for regular scheduled dates which were cancelled, [the track] would be potentially liable not only for maintaining a public nuisance and for promoting illegal gambling activity, but there is also authority to the effect that [the track] would be civilly liable to patrons for the amount of bets placed and lost if it was in fact operating under a license which is invalid under the statute." 1978-79 Ky. Op. Att'y Gen. 2-539 (1979).

Although such requests have been infrequent, the Commission has traditionally allowed race meet locations to be shifted if the request is received and approved before racing on the date in question is held.² Such an action does not constitute the “award” of race dates and thus is not barred by the November 1 deadline in KRS 230.300.

The concern that drives the statutory time limit on awarding race dates—“to prevent ongoing battles for dates,” 1978-79 Ky. Op. Att’y Gen. 2-538 (1979)—is not present here. ECL Corbin has already been awarded twelve (12) days of racing for 2022.

ECL Corbin discussed this matter with Jim Avritt Jr. of the Kentucky Harness Horsemen’s Association (KHHA), who agreed with the above-mentioned change and fully supports this transfer. Additionally, Shannon M. Cobb, the Chief Financial and Operating Officer for The Red Mile, supports this change in a letter dated June 13, 2022.

As such, this request does not seek to alter the number of race dates in any way, the Commission has legal authority to approve these changes, and the KHRC staff recommends approval.

² For instance, in June 2012, Kentucky Downs was allowed to shift two race dates from Tuesdays to Wednesdays. Similarly, in 2019, WKY Development was allowed to shift race dates so that races were held on three days for four weeks, rather than two days for six weeks.

Dear Marc,

Per our conversation yesterday, **ECL Corbin** is respectfully requesting to transfer our 12 day harness meet to the Red Mile, in Lexington this fall. The transfer of race days is due to an overall concern of safety. We will likely have the racing surface completed approximately 1 month prior to our allotted race days. Our concern is that we will not have enough time to let the race course settle before racing over it. I have spoken to Jim Avritt, of the KHHA, he agrees with this change, and fully supports the move to the Red Mile for 2022.

Re: Authorization regarding Consultants providing input to Commission Staff and obtaining professional legal services from Commission counsel.

KHRC Commissioners and employees have always been able to access KHRC in-house counsel for the provision of legal services related to KHRC business. However, it is unclear whether contractually-bound Consultants retained for the purpose of providing input are also afforded access to KHRC counsel for that same purpose, particularly if KHRC staff is involved.

In order to avoid any ambiguity and preserve the attorney/client privilege, KHRC General Counsel Jennifer Wolsing recommends that the Commission vote to authorize contractually-bound consultants providing input to KHRC staff to obtain professional legal services from KHRC counsel.

The KHRC staff recommends approval.

**Re: Proposed Classification Process for Historical Horse Racing
Administrative Requests**

Please allow this memorandum to serve as a summary of the proposed process for classifying administrative requests relating to historical horse racing (“HHR”).

It should be noted that any racing association’s initial request to offer an exotic wager on HHR is subject to the review and approval by a quorum of the KHRC’s appointed membership. However, the KHRC also frequently receives various requests to modify certain aspects of a racing association’s existing, previously approved HHR operations.

Although some of the submitted requests are substantive—and therefore require the consideration of a quorum of the KHRC’s appointed membership, as all initial requests undergo—many other requests could be more appropriately classified as administrative. Nevertheless, 810 KAR 1:120, 811 KAR 1:250, and 811 KAR 2:160 are all clear in their requirement that “An association shall not implement any change or modification to the practices, procedures, or representations upon which the approval of the exotic wager was based without the prior written approval of the commission.”

Because the KHRC only meets in its entirety on a bi-monthly basis, requiring an approval of all administrative requests by a quorum of the KHRC’s appointed membership would create a cumbersome process that would impede licensed racing associations from managing their day-to-day business operations in an effective and efficient manner.

As such, the KHRC staff recommends that the KHRC expressly authorize the KHRC’s Director of Pari-Mutuel Wagering and Compliance, in addition to the

previously authorized allowance to the KHRC Executive Director, to approve or deny administrative requests related to HHR. This delegation is appropriate pursuant to KRS 230.230, which vests the Executive Director with responsibility for “the day-to-day operations of the racing commission.”

In granting this authority, some of the Director of Pari-Mutuel Wagering and Compliance’s and Executive Director’s decisions on any such administrative requests would remain subject to subsequent review and ratification by a quorum of the KHRC’s appointed membership. Other decisions would be appropriate for approval without ratification—particularly those that implement items previously approved by a quorum of the KHRC’s appointed membership. In contrast, other matters will be subject to review and approval by a quorum of the KHRC’s appointed membership.

Due to the unique nature of many HHR requests, their classification will be handled on a case-by-case basis. With that being said, each of the following lists—, which are not all-inclusive and are instead intended to be illustrative—provides the proposed classification process for HHR administrative requests, which align with the authorization previously provided to the Executive Director.

Approval of HHR Administrative Requests by Director of Pari-Mutuel Wagering and Compliance:

- Requests to alter floor layout (switching, moving or replacing terminals, etc.);
- Requests to update software accompanied by relative independent, third party testing laboratory reports (minor changes, integrity fixes);
- Requests to offer entertaining game themes operating through pari-mutuel pools previously approved/ratified by a quorum of the KHRC’s appointed membership;
- Requests to alter operating hours;
- Requests to deploy previously approved terminals, pari-mutuel pools, entertaining game themes, system components accompanied by relative independent, third party testing laboratory reports, etc.; and
- Requests to host demonstration units at KHRC licensed facilities.

Approval of HHR Requests by Director of Pari-Mutuel Wagering and Compliance, Subject to Ratification by the KHRC

- Requests to offer new HHR terminals, pari-mutuel pools, entertaining game themes operating through new pari-mutuel pools, system components accompanied by relative independent, third party testing laboratory reports.

Approval of HHR Requests by a quorum of the KHRC's appointed membership:

- Requests to increase total allotment of HHR terminals for KHRC licensed facilities; and
- Requests for expansion of HHR-designated floor space.

In sum, the KHRC staff believes that the above-referenced grant of authority to the Director of Pari-Mutuel Wagering and Compliance would be appropriate under the outlined circumstances, and recommends approval of this memorandum.

DATE PREFERENCE SYSTEM

The Date System of preference will be used at Ellis Park as described below:

Foal Certificates and digital foal certificates no longer are required to be on file in the racing office to enter or start at Ellis Park; however, foal certificates and digital foal certificates must be on file to obtain a preference date and to get a horse tattooed.

Each day's overnight will list the dates of horses in and on the also-eligible list to enable trainers to see what dates are getting horses in over-filled races.

1. In over-filled races, preference will be given to horses in order of their assigned preference dates, earliest date first. Horses having identical dates will be chosen by lot, however, where entry and running dates are the same, the horse with the entry date will have preference.
2. All horses intended for racing at Ellis Park will be assigned a preference date. Dates assigned will be of two types:
3. **FOR A ZERO DATE** foal papers and digital foal papers must be turned in to the identifier by Friday, July 8th, 2022.

E-Date

This date will correspond to:

- a) The day on which a horse's foal papers or digital foal papers are submitted to the identifier (the earliest date being the day when entries are first taken for the meeting). An unnamed horse will not receive an E-date.
- b) The day on which a horse is first entered if his papers or digital foal papers are not on file with the identifier.

To qualify for the latter E-date, a horse must have been excluded from a race which appears on the overnight or he must have been entered in a condition book race which failed to fill through insufficient entries.

R-Date

This date will correspond to the day of a horse's most recent race at Ellis Park. An R-Date will also be assigned to a horse which scratches.

4. A horse retains his R-Date until he receives a newer R-Date. No horse with an established R-Date may receive an E-Date. A horse whose papers or digital papers are removed from the identifier's office will lose his date and must subsequently re-establish a date in order to receive preference. A horse with an E-Date cannot receive a newer E-Date. Horses starting at another race track will forfeit any date they may have at Ellis Park.
5. Preference dates will consist of two categories: Dirt (D) and Turf (T). Preference dates are good for any type of race or distance.
6. A horse that runs in a race, which has been taken off the turf will retain its turf date. A scratched horse will receive an R-date from the date scratched.
7. When a race is taken off the turf, main track only (MTO) horses will receive an R-Date if they run or scratch. If the race remains on the turf, main track only (MTO) horses will retain their previous date and will not be permitted to start.
8. No E-Date will be assigned to the second choice of an unsplit same-owner entry.

9. A horse which has been placed on a list (veterinarian, steward, starter or paddock judge) will lose their date and be assigned an R-Date corresponding to the day removed from list.
10. A horse which is a scheduled starter in a cancelled race will not receive an R-Date for that race but will retain its previous date.
11. The draw of stakes and handicap race is not subject to date preference.
12. Preference dates are transferred through change of ownership and changes in trainer after the proper transfer procedure have been completed through the Steward's office and delivered to the Racing Secretary's office.
13. Date preference rules will not supersede KHRC rules regarding preference, eligibility or scratches.
14. Winners will be preferred in all non maiden races.

CONDITION PREFERENCE

Horses are preferred by their available conditions in all allowance races beginning with Graded Stakes winners (Grade I-II-III), providing the horse has finished 1st, 2nd, 3rd or 4th for \$40,000 or more since starting for less than \$40,000. In allowance/optional claiming races a horse's preference cannot exceed the condition of the race. Starter races for less than \$25,000 will not be preferred.

WINNERS ARE PREFERRED IN ALL NON-MAIDEN RACES.

Also-Eligibles

If there are any scratches in a race with also-eligibles, the also-eligible horses will be permitted to move into the race in the order listed on the overnight.

810 KAR 4:010. HORSES

The stewards may at any time require presentation of a horse's registration certificate, virtual certificate, or racing permit or other proof of ownership.

Upon claim, sale or any other transfer of ownership, the horse's registration certificate or racing permit shall be given to the new owner, and any virtual certificate shall be transferred to the new owner electronically. The new owner shall report the change in ownership to the stewards.

Date Preference System

The following date system of preference is used at Kentucky Downs:

Foal certificates are no longer are required to be on file in the racing office to enter or start at Kentucky Downs; however, foal certificates (2017 and older) must be on file to obtain a preference date and to have a horse digitally tattooed. Foals and 2018 (and older) must assign their Digital Foal Certificates to Kentucky Downs in order to obtain a preference date.

Each day's overnight will list the dates of horses in and on the also-eligible list to enable trainers to see what dates are getting horses into over-filled races.

1. In over-filled races, preference will be given to horses in order of their assigned preference dates, earliest date first. Horses having identical dates will be chosen by lot; however, where entry and running dates are the same, the horse with the entry date will have preference.
2. All horses intended for racing at Kentucky Downs (who fulfill the criteria below) will be assigned a preference date. A horse can have only one date at any particular time. Dates assigned will be of two types:

E-Date

This date will correspond to: (a) the date on which a horse's foal papers and name card are submitted to the Identifier (foal certificates must be on file by Friday, August 26 to receive the earliest date.); (b) the day on which a horse is first entered if his papers are not on file with the Identifier. To qualify for the latter E-Date, a horse must have been excluded from a race that appears on the overnight or he must have been entered in a condition book race that failed to fill through insufficient entries.

R-Date

This date will correspond to the day of a horse's most recent race at Kentucky Downs. An R-Date will also be assigned to a horse that scratches.

3. A horse retains his R-Date until he receives a newer R-Date. No horse with an established R-Date may receive an E-Date. A horse whose papers are removed from the Identifier's office will lose his date and must subsequently re-establish a date in order to receive preference. A horse with an E-Date cannot receive a newer E-Date. Horses starting at another racetrack will forfeit any date they may have at Kentucky Downs. Additionally, horses racing at Kentucky Downs without foal papers on site will not retain their R-Date.

4. Preference dates are good for any type of race or distance (other than maiden dates).
5. Maiden dates will be kept separately and will not have preference in winners' races.
6. No E-Date will be assigned to the second choice of an un-split same-owner entry.
7. A horse that has been placed on a list (Veterinarian, Steward, Starter, or Paddock Judge) will lose his date and be assigned an R-Date corresponding to the day he is removed from the list.
8. Horses on the Also-Eligible list shall be permitted to draw into races and will be assigned post positions in the order of their dates, earliest dates first.
9. A horse that is a scheduled starter in a canceled race will not receive an R-Date for that race

but will retain his previous date.

10. The draw of stake and handicap races is not subject to date preference.

11. Preference dates are transferred through change in ownership and changes in trainer only after the proper transfer procedures have been completed through the Stewards' Office and delivered to the Racing Secretary's Office.

12. Date preference rules will not supersede KHRC rules regarding preference, eligibility, or scratches.
