SUBJECT: Churchill Downs' 2022 September Meet KTDF Purse Allotment Request

On August 2, 2022, the KTDF Advisory Committee considered the following request from Churchill Downs regarding its KTDF purse structure for their upcoming 2022 September Meet.

Churchill Downs is proposing KTDF purses in the range of \$2.8 – \$3.8 million. These projections are based on their current KTDF earned balance of \$3.2 million at the end of July 2022, with an additional earning projection of \$2.4 million by the end of September with HHR wagering at Derby City Gaming LLC being the primary driver.

To encourage participation during the meet, Churchill Downs will pay out KTDF purses through last place to KTDF eligible horses.

This request is supported by the KyHBPA and the KTA-KTOB.

The KTDF Advisory Committee Members recommend approval.

CHURCHILL DOWNS

July 29, 2022

KTDF Advisory Committee of the
Kentucky Horse Racing Commission
4063 Iron Works Parkway
Building B

Committee Members:

Churchill Downs has reviewed our purses and would like to card KTDF purses in the range of \$2.8 million to \$3.8 million for our upcoming September Meet. We have based the range on the following information:

1. At the end of July 2022, Churchill Downs is projecting an ending KTDF earned balance of \$3,268,889.
2. Our 2022 September Meet will consist of 14 racing days beginning Thursday, September 15th and ending Sunday, October 2nd. We are projecting additional earnings of \$2,410,094 by the end of September. The primary driver is the KTDF earned from pari-mutuel wagering from Derby City Gaming LLC ("Derby City") from the beginning of August 2022 through the end of the September Meet.
3. We anticipate that KTDF will be approximately 24.9% of total purses. Of the requested KTDF allotment, we anticipate the following payouts:
 - a. ALW, AOC, SMSW, MDN: approximately 60% of the KTDF allotment;
 - b. BCL, CLM, MCL, STR, WMC: approximately 18% of the KTDF allotment, and;
 - c. Stakes: approximately 22% of the KTDF allotment.
4. For September 2022, we are assuming a KTDF payout percentage of 86.5% with anticipated KTDF disbursements of \$3.3 million which is \$0.5 million higher than the \$2.8 million paid during the September 2021 Meet. In addition to previously listed drivers of growth, two more days of racing this year and the addition of KTDF on claiming races drives the increase.
5. To encourage participation during the September Meet, we are again planning to pay KTDF purses from first to last to all eligible horses.

Please contact either of us should you have any questions or need additional information.

THE KENTUCKY THOROUGHBRED DEVELOPMENT FUND (KTDF)

Given several years of robust business during the period beginning 2019 through June 2022, the state-of-the-art historical racing machines at nearby Derby City Gaming has generated \$38.8 million in KTDF for horsemen with Kentucky-sired Kentucky-breds to run for in designated stakes, handicap, allowance, non-claiming maiden races, and allowance optional claiming races with a claiming price of not less than twenty-five thousand dollars (\$25,000) contested at Churchill Downs Racetrack. Starting in September 2022, Churchill Downs Racetrack will offer KTDF money on all claiming races.

Eligible races can be readily recognized in the stakes and condition books by the Kentucky Thoroughbred Development Fund seal, which will appear next to each race in the stakes and condition books.

In accordance with KRS 230.400(5) (d), it is mandatory for a horse to be registered prior to time of entry to be eligible to participate in the distribution of Kentucky Thoroughbred Development Fund monies. Registration is only complete once the application is approved and payment has been received.

All horses of racing age that are both Kentucky-bred and sired by a Kentucky stallion which stood in Kentucky the entire breeding season the year the horse was conceived are eligible to be registered. Owners of horses of racing age are responsible for registering their horses. Stallion owners are responsible for registering their stallions.

Registration applications may be obtained from the official registrar, the Kentucky Thoroughbred Owners and Breeders, by contacting:

Mrs. Jenny McGaughey, Registrar
Kentucky Thoroughbred Owners and Breeders
4079 Iron Works Parkway
Lexington, Kentucky 40511
Phone: 859-259-1643
Mobile: 859-361-6002

Registration may be completed online at www.kta-ktob.com. The Horse Identifier can check registration status of a horse.

For those horses that are registered and eligible according to the conditions listed above, fund monies will be divided as follows:

- 60%.....to the winner
- 20%.....to second
- 10%.....to third
- 5%.....to fourth

CHURCHILL DOWNS

3%.....to fifth

Remaining 2% divided among the starters based on the schedule listed above.

Unearned fund monies revert to the Kentucky Thoroughbred Development Fund. Additionally, if a non-KTDF eligible horse is involved in a dead heat, those funds will revert to the fund.

PLEASE NOTE: ALL KTDF PURSE ALLOTMENTS CONTAINED HEREIN ARE SUBJECT TO KHRC APPROVAL.

SUBJECT: Keeneland's 2022 Fall Meet KTDF Purse Allotment Request

On August 2, 2022, the KTDF Advisory Committee considered the following request from Keeneland regarding its KTDF purse structure for their upcoming 2022 Fall Meet.

Keeneland initially proposed KTDF purses for \$4,962,200. However, after much discussion during the meeting it was advised that Keeneland incorporate additional KTDF funding in support of their eight Breeders' Cup undercard races. An amendment reflecting that request was submitted August 5, 2022, increasing their proposed KTDF purses by \$260,000 for a total of \$5,222,200 in KTDF purses. These projections are based on projected daily earnings of \$13,833 per day, their current KTDF earned balance of \$1.2 million, KRM/OG earnings of \$2.6 million and \$1 million transferred from Kentucky Downs.

To encourage participation during the meet, Keeneland will pay out KTDF purses through last place to KTDF eligible horses.

This request is supported by the KyHBPA and the KTA-KTOB.

The KTDF Advisory Committee Members recommend approval.

KTDF Committee of the
Kentucky Horse Racing Commission
4063 Iron Works Parkway
Lexington, KY 40511

Dear Committee Members:

Keeneland has reviewed our KTDF data and would like to offer approximately \$4,962,200 in KTDF money for our upcoming Fall meet.

1. We are projecting approximate daily earnings of \$13,833 per day, an increase over Fall 2021;
2. We have a surplus of \$1,207,877 following the Spring 2022 race meeting;
3. We are assuming a payout percentage of approximately 87% of the amount carded;
4. We are projecting total KRM and OG earnings of approximately \$2,662,000 plus a KTDF transfer of \$1,000,000;
5. We anticipate that KTDF purses will comprise approximately 23.9% of total purses.
 - a. MSW, ALW, AOC: \$2,927,100 (59.0% of the KTDF allotment)
 - b. CL, MCL, SA: \$735,100 (14.8% of the KTDF allotment)
 - c. Stakes: \$1,300,000 (26.2% of the KTDF allotment)
 - i. \$100,000 allocated to Grade 1 stakes
 - ii. \$50,000 allocated to all other stakes

We remain committed to offering competitive purses while also prudently allocating our KTDF funds available. To that end we will increase our KTDF purse amounts and add KTDF funds to claiming, maiden claiming, and starter allowance races for Fall 2022 with the goal of gradually reducing our KTDF surplus over several meets and finding the right balance for our purse levels.

Keeneland will continue to pay out KTDF funds through last place. A table containing the payout percentage by field size is attached. In the event there is a dead heat for finish positions 1 thru 5, the KTDF percentage payout for each position will be aggregated and paid equally to each horse included in the dead heat. If a non-KTDF eligible horse is involved in a dead heat, those funds will revert to the fund.

We will evaluate the earnings and payout percentages several days into our race meet and may need to make adjustments if our actual earnings and payout percentages are significantly different from our assumptions.

Please contact me if you have any questions or need additional information.

Sincerely,

Gatewood Bell
Vice President of Racing

DATE PREFERENCE SYSTEM

The Date System of preference will be used at Churchill Downs as described below:

Foal Certificates and digital foal certificates no longer are required to be on file in the racing office to enter or start at Churchill Downs; however, foal certificates and digital foal certificates must be on file to obtain a preference date and to get a horse tattooed.

Each day's overnight will list the dates of horses in and on the also-eligible list to enable trainers to see what dates are getting horses in over-filled races.

1. In over-filled races, preference will be given to horses in order of their assigned preference dates, earliest date first. Horses having identical dates will be chosen by lot, however, where entry and running dates are the same, the horse with the entry date will have preference.
2. All horses intended for racing at Churchill Downs will be assigned a preference date. Dates assigned will be of two types:
3. **FOR A ZERO DATE** foal papers and digital foal papers must be turned in to the identifier by Monday, September 12, 2022.

E-Date

This date will correspond to:

- a) The day on which a horse's foal papers or digital foal papers are submitted to the identifier (the earliest date being the day when entries are first taken for the meeting). An unnamed horse will not receive an E-date.
- b) The day on which a horse is first entered if his papers or digital foal papers are not on file with the identifier.

To qualify for the latter E-date, a horse must have been excluded from a race which appears on the overnight or he must have been entered in a condition book race which failed to fill through insufficient entries.

R-Date

This date will correspond to the day of a horse's most recent race at Churchill Downs. An R-Date will also be assigned to a horse which scratches.

4. A horse retains his R-Date until he receives a newer R-Date. No horse with an established R-Date may receive an E-Date. A horse whose papers or digital papers are removed from the identifier's office will lose his date and must subsequently re-establish a date in order to receive preference. A horse with an E-Date cannot receive a newer E-Date. Horses starting at another race track will forfeit any date they may have at Churchill Downs.
5. Preference dates will consist of two categories: Dirt (D) and Turf (T). Preference dates are good for any type of race or distance.
6. A horse that runs in a race, which has been taken off the turf will retain its turf date. A scratched horse will receive an R-date from the date scratched.
7. When a race is taken off the turf, main track only (MTO) horses will receive an R-Date if they run or scratch. If the race remains on the turf, main track only (MTO) horses will retain their previous date and will not be permitted to start.
8. No E-Date will be assigned to the second choice of an unsplit same-owner entry.

9. A horse which has been placed on a list (veterinarian, steward, starter or paddock judge) will lose their date and be assigned an R-Date corresponding to the day removed from list.
10. A horse which is a scheduled starter in a cancelled race will not receive an R-Date for that race but will retain its previous date.
11. The draw of stakes and handicap race is not subject to date preference.
12. Preference dates are transferred through change of ownership and changes in trainer after the proper transfer procedure have been completed through the Steward's office and delivered to the Racing Secretary's office.
13. Date preference rules will not supersede KHRC rules regarding preference, eligibility or scratches.
14. Winners will be preferred in all non maiden races.

CONDITION PREFERENCE

Horses are preferred by their available conditions in all allowance races beginning with Graded Stakes winners (Grade I-II-III), providing the horse has finished 1st, 2nd, 3rd or 4th for \$40,000 or more since starting for less than \$40,000. In allowance/optional claiming races a horse's preference cannot exceed the condition of the race. Starter races for less than \$25,000 will not be preferred.

WINNERS ARE PREFERRED IN ALL NON-MAIDEN RACES.

Also-Eligibles

If there are any scratches in a race with also-eligibles, the also-eligible horses will be permitted to move into the race in the order listed on the overnight.

810 KAR 4:010. HORSES

The stewards may at any time require presentation of a horse's registration certificate, virtual certificate, or racing permit or other proof of ownership.

Upon claim, sale or any other transfer of ownership, the horse's registration certificate or racing permit shall be given to the new owner, and any virtual certificate shall be transferred to the new owner electronically. The new owner shall report the change in ownership to the stewards.

KEENELAND DATE PREFERENCE SYSTEM

The Date System of preference will be used at Keeneland Association as described below:

Foal Certificates and Digital Foal Certificates are no longer required to be on file in the racing office to enter or start at Keeneland Association; however, foal certificates and digital foal certificates must be on file to obtain a preference date and to get a horse tattooed.

TO RECEIVE A ZERO (O) DATE, foal certificates and digital foal certificates must be on file with the Horse Identifier by Monday, October 3, 2022.

Preference by condition eligibility then by:

1. In over-filled races, preference will be given to horses in order of their assigned preference dates, earliest date first. Horses having identical dates will be chosen by lot, however, where entry and running dates are the same, the horse with the entry date will have preference.
2. All horses intended for racing at Keeneland Association will be assigned a preference date. Dates assigned will be of two types:

E-Date

This date will correspond to:

- a. The day on which a horse's foal papers/digital foal papers and name tag are submitted to the identifier (the earliest date being the day when entries are first taken for the meeting).
- b. The day on which a horse is first entered if his papers are not on file with the identifier.
- c. To qualify for the latter E-Date, a horse must have been excluded from a race which appears on the overnight or he must have been entered in a condition book race which failed to fill through insufficient entries.

R-Date

This date will correspond to:

- a. The day of a horse's most recent race at Keeneland Association.
 - b. An R-Date will also be assigned to a horse which scratches (provided the foal papers are on file with the identifier).
3. A horse retains his R-Date until he receives a newer R-Date. No horse with an established R-Date may receive an E-Date. A horse whose papers or digital papers are removed from the identifier's office will lose his date and must subsequently re-establish a date in order to receive preference. A horse with an E-Date cannot receive a newer E-Date. Horses starting at another racetrack will forfeit any date they may have at Keeneland Association.
 4. Preference dates will consist of two categories: Dirt (D) and Turf (T). Preference dates are good for any type of race or distance.
 5. A horse that runs in a race, which has been taken off the Turf will retain its Turf date and establish a Dirt R-Date. A scratched horse will receive an R-Date from the date scratched for both Turf and Dirt.
 6. When a race is taken off the Turf, Main Track Only (MTO) horses will receive an R-Date if they run or scratch. If the race remains on the Turf, MTO horses will retain their previous date.
 7. Horses on the Also-Eligible list shall be permitted to draw into races in order listed. A horse entered as MTO shall be listed as an Also-Eligible. If the race remains on the Turf, a horse listed as MTO shall not be permitted to draw into the race.
 8. No E-Date will be assigned to the second choice of an unsplit same-owner entry.
 9. A horse which has been placed on a list (veterinarian, steward, starter or paddock judge) will lose their date and be assigned an R-Date corresponding to the day removed from list.
 10. A horse which is a scheduled starter in a canceled race will not receive an R-Date for that race but will retain its previous date.
 11. Stakes and handicap races are not subject to date preference.

12. Preference dates are transferred through change of ownership and changes in trainer after the proper transfer procedure have been completed through the Steward's office and delivered to the Racing Secretary's Office.
13. Date preference rules will not supersede KHRC rules regarding preference, eligibility or scratches.
14. Winners will be preferred in all non-maiden races.

Condition Preference

- Horses are preferred by their available conditions in all allowance races beginning with Graded stake winners (Grade I-II-III), open stakes winners through their allowance conditions providing the horse has finished 1st, 2nd, 3rd or 4th for \$40,000 or more since starting for less than \$40,000. In allowance/optional claiming races a horse's preference cannot exceed the condition of the race. Starter races for less than \$25,000 will not be preferred.
- No entry will be received except upon the condition that all disputes, claims and objections arising out of the racing or with respect to the interpretation of the conditions of any race shall be decided by the officers of the association, or those whom they may appoint and their decision upon all points shall be final.
- No entry shall be accepted from any stable not provided with a trainer's license.

Main Track Only Entries

- Entries will be accepted in turf races (excluding stakes) for Main Track Only (MTO) horses.
- Trainers must declare the horse as MTO at the time of entry.
- A horse entered as MTO shall be listed as Also-Eligible.
- In an over-filled turf race, Keeneland reserves the right to designate two Main Track Only (MTO) positions on the Also-Eligible List. Also-Eligibles (including MTO) shall be assigned a post position by preference. If preference is equal, post positions shall be drawn by lot, unless otherwise stipulated in the published conditions of the race.
- If the race remains on the turf, a horse listed as MTO shall not be permitted to draw into the race. When a race is removed from the turf, MTO horses will lose any date they have if they run or scratch. If the race remains on the turf, MTO horses will retain their previous date.
