The judges, after hearings with Ms. Duer have concluded that the positive was caused by a contamination of a feed supplement with caffeine that was not listed on the label. The manufacturer of the supplement has admitted to the contamination and taken responsibility. The company has pulled the remaining supplement from the market. As trainer Ms. Duer is found not to be at fault for the positive. How ever as caffeine was present in the horse`s system the purse money won of \$3750.00 is ordered returned and redistributed.
