(1) Provide a brief summary of:

(a) What this administrative regulation does: This regulation establishes and maintains a voluntary self-exclusion list, requires tracks and/or their service providers to provide a commission-approved responsible gaming program, and precludes false or misleading advertising.

(b) The necessity of this administrative regulation: This regulation is necessary to provide specific rules concerning responsible gaming and advertising.

(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 230.260(15) requires the commission to "promulgate administrative regulations establishing a self-exclusion list for individuals who self-identify as being problem or compulsive gamers." KRS 230.260(16) requires the commission to "promulgate administrative regulations to establish standards for the conduct of sports wagering."

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This regulation assists in the effective administration of statutes by ensuring that sports wagering providers establish a voluntary self-exclusion list for problem or compulsive gamblers. It also ensures that providers maintain a responsible gaming program. Finally, this regulation ensures that sports wagering providers avoid engaging in false or misleading advertising practices.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: N/A. This is a new regulation.

(b) The necessity of the amendment to this administrative regulation: N/A. This is a new regulation.

(c) How the amendment conforms to the content of the authorizing statutes: N/A. This is a new regulation.

(d) How the amendment will assist in the effective administration of the statutes: N/A. This is a new regulation.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: This regulation affects the licensed tracks that apply for and receive a license to conduct sports wagering in the Commonwealth. There are currently nine (9) licensed tracks operating in the Commonwealth. Each track is allowed to contract with up to three (3) service providers.

Therefore, up to 27 service providers may be affected by the definitions in this regulation. Additionally, there are an unknown number of patrons who will be impacted by the voluntary self-exclusion list and responsible gaming program. Finally, there is an unknown number of Kentuckians who will be impacted by the ban on false or misleading sports wagering advertising.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: Licensed tracks offering sports wagering and service providers must establish a self-exclusion program and a commission-approved responsible gaming program.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): Costs are unknown, but should be minimal. Kentucky's licensed tracks already have individualized self-exclusion programs. They will simply report those names to the Commission for inclusion in a confidential state database shared by other tracks, pursuant to KRS 230.260(15). The costs of establishing a responsible gaming program to the commission's specifications will also be minimal, as it will primarily consist of conspicuous postings and disclosures regarding assistance programs for problem or compulsive gamblers.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The funding to implement and enforce sports wagering in Kentucky will come from the sports wagering administrative fund, as established in KRS 230.817. No additional funding is required for the implementation and enforcement of this regulation.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment:

No increase in fees or funding will be necessary to implement this administrative regulation.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This regulation does not establish any new fees or increase any current fees.

(9) TIERING: Is tiering applied? (Explain why or why not) Tiering is not applied, because this amended regulation will apply similarly to all similarly situated entities in an equal manner.
