

Kentucky Downs September 7, 2020 – Race 5

A Stewards Inquiry was posted involving the start of the race. It was immediately apparent that the start took place prior to both #6 "Mechanicville (Julien Leparoux) and #12 "Catman" (Tyler Gaffalione) being loaded in the gate. After a thorough review of the race replay and interview with the starter, the stewards also determined that due to a malfunction of the gate, no rider, assistant starter or horse was prepared for the start. The stewards determined that all horses in the field were precluded from obtaining a fair start, declared the race a NO CONTEST and ordered all money wagered on the race to be refunded.
