## DATE PREFERENCE SYSTEM

The Date System of preference will be used at Churchill Downs as described below:

Foal Certificates no longer are required to be on file in the racing office to enter or start at Churchill Downs; however, foal certificates must be on file to obtain a preference date and to get a horse tattooed.

Each day's overnight will list the dates of horses in and on the also-eligible list to enable trainers to see what dates are getting horses into over-filled races.

1. In over-filled races, preference will be given to horses in order of their assigned preference dates, earliest date first. Horses having identical dates will be chosen by lot, however, where entry and running dates are the same, the horse with the entry date will have preference.
2. All horses intended for racing at Churchill Downs will be assigned a preference date. Dates assigned will be of two types:

### E-Date

This date will correspond to:

- a) the day on which a horse's foal papers and name tag are submitted to the identifier (the earliest date being the day when entries are first taken for the meeting).
- b) the day on which a horse is first entered if his papers are not on file with the identifier.

To qualify for the latter E-Date, a horse must have been excluded from a race which appears on the overnight or he must have been entered in a condition book race which failed to fill through insufficient entries.

### R-Date

This date will correspond to the day of a horse's most recent race at Churchill Downs. An R-Date will also be assigned to a horse which scratches.

3. A horse retains his R-Date until he receives a newer R-Date. No horse with an established R-Date may receive an E-Date. A horse whose papers are removed from the identifier's office will lose his date and must subsequently re-establish a date in order to receive preference. A horse with an E-Date cannot receive a newer E-Date. Horses starting at another race track will forfeit any date they may have at Churchill Downs.
4. Preference dates will consist of two categories: Dirt (D) and Turf (T). Preference dates are good for any type of race or distance.
5. A horse that runs in a race, which has been taken off the turf will retain its turf date. A scratched horse will receive an R-Date from the date scratched.
6. When a race is taken off the turf, dirt preferred horses will receive an R-Date if they run or scratch. If the race remains on the turf, dirt preferred horses will retain their previous date.
7. Horses on the Also-Eligible list shall be permitted to draw into races in order of their dates, earliest dates first. (Exception: When a race is removed from the turf, Dirt Preferred also-eligibles will have first preference to draw into the race in order of their date preference. If the race remains on the turf they will have no preference.)
8. No E-Date will be assigned to the second choice of an unsplit same-owner entry.
9. A horse which has been placed on a list (veterinarian, steward, starter or paddock judge) will lose their date and be assigned an R-Date corresponding to the day removed from list.
10. A horse which is a scheduled starter in a cancelled race will not receive an R-Date for that race but will retain its previous date.
11. The draw of a stakes and handicap race is not subject to date preference.
12. Preference dates are transferred through change of ownership and changes in trainer after the proper transfer procedure have been completed through the Steward's office and delivered to the Racing Secretary's office.
13. Date preference rules will not supersede KHRA rules regarding preference, eligibility or scratches.
14. Winners will be preferred in all non maiden races.

Churchill Downs projections are based on projected daily earnings of \$30,834 and an expected KTDF payout percentage of 76%. Additionally, Churchill Downs request the ability to pay KTDF purses on eligible horses first through last place.

KTDF Advisory Committee of the  
Kentucky Horse Racing Commission

Committee Members:

Churchill Downs has reviewed our KTDF data and would like to card KTDF purses in the range of \$1,600,000 to \$1,700,000 for our upcoming spring meet. We have based the range on the following information:

1. Churchill Downs has a balance of \$151,278 at the end of our 2012 fall meet.
2. In the 2012 spring meet, we offered \$1,556,700 in KTDF purses and paid \$1,125,179 in KTDF purses.
3. We are projecting daily earnings of \$30,834, which is 4% lower than the \$32,152 earned in 2012 because of anticipated declines in handle consistent with industry trends. Our KTDF purses were supplemented by \$174,808 related to instant racing activity from 2012 and are contributing to the increase in KTDF offerings over the prior year despite the projection of lower earnings.
4. We are assuming a KTDF payout percentage of 76%, which is higher than our payout percentage from the 2012 spring meet of 72% but lower than that of 2011 (80%).
5. To encourage participation, during the spring meet, we are planning to pay KTDF purses from first to last to all eligible horses instead of the traditional first to fourth.

Please contact either of us should you have any questions or need additional information.

Sincerely,

Ben Huffman

KTDF Committee of the  
Kentucky Horse Racing Commission  
4063 Iron Works Parkway  
Lexington, KY 40511

Committee Members,

Keeneland has reviewed our KTDF data and would like to card KTDF money in the range of \$750,000 for our upcoming Spring meet. We have determined this number based on the following information:

1. We had a surplus of \$11,625 following the Fall 2012 meet and received a one-time payment of \$153,206 from Kentucky Downs historical racing for a total surplus of \$164,832.
2. We anticipate that KTDF purses will be approximately 16% of the purses for the races that are eligible for KTDF.
3. We assume a payout of approximately 76%.

Keeneland will pay out KTDF funds through last place. A table containing the payout percentage by field size is attached.

Should we determine that more or less funds will actually be available than our current estimates, we would like the latitude to adjust accordingly and so notify the Commission.

Respectfully submitted,
