(1) Provide a brief summary of:

(a) What this administrative regulation does: This regulation establishes the regulatory definitions that apply to all pari-mutuel and exotic wagering on live and historical horse races in the Commonwealth.

(b) The necessity of this administrative regulation: The regulation is necessary to provide specific and updated definitions of the terms used in the commission's regulations.

(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 230.215 authorizes the commission to regulate the conditions under which racing and pari-mutuel wagering thereon shall be conducted in Kentucky. KRS 230.361 requires the commission to promulgate administrative regulations governing and regulating pari-mutuel wagering on horse races under the pari-mutuel system of wagering.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: KRS 230.215(2) authorizes the commission to regulate the conditions under which racing and pari-mutuel wagering thereon shall be conducted in the Commonwealth. This regulation provides specific and updated definitions for the terms used in the commission's administrative regulations.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: First, this amendment proposes updating the definitions of "added money," "equipment," and "terminal." Additionally, the following terms and benchmarks are defined to aid in developing conditions related to the integrity of pari-mutuel wagering and horse racing: "communications technology;" "control program;" "entertaining award display" or "interactive terminal display;" "interactive terminal" or "HHR terminal;" and "internal controls," "minimum internal standards," or "control standards."

(b) The necessity of the amendment to this administrative regulation: Due to the emergent and fluid nature of the technology utilized to offer pari-mutuel wagering, the commission regularly proposes amendments to relevant regulations to stay current with terms used throughout the industry. This proposed amendment updates the regulation to stay current with industry terminology and concepts.

(c) How the amendment conforms to the content of the authorizing statutes: KRS 230.215 authorizes the commission to regulate the conditions under which horse racing and pari-mutuel wagering thereon shall be conducted in the Commonwealth. KRS 230.361 requires the commission to promulgate administrative regulations governing and regulating pari-mutuel wagering on horse races. This regulation provides specific definitions of terms used in the commission's administrative regulations.

(d) How the amendment will assist in the effective administration of the statutes: This proposed amendment provides definitions of terms used in the commission's administrative regulations.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: This proposed amendment will affect the eight currently-licensed racing associations in the Commonwealth, any applicant for a racing association license, the owners and trainers who participate in racing in the Commonwealth, the jockeys who ride in the Commonwealth, the harness drivers who drive in the Commonwealth, the patrons who place pari-mutuel wagers on live and historical horse racing in the Commonwealth, and the commission.

(4) Provide an analysis of how the entities identified in the previous question will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions each of the regulated entities have to take to comply with this regulation or amendment: Racing associations offering HHR wagering must abide by the proposed definitions.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities: This proposed amendment is not anticipated to increase compliance costs significantly for any regulated entity or increase compliance costs at all for the commission.

(c) As a result of compliance, what benefits will accrue to the entities: The racing associations will have a defined process to follow if they plan to offer exotic wagers. They will be able to offer increased pari-mutuel wagering options to patrons and can expect an increase in

on-track attendance and total pari-mutuel handle. The increased revenue can be used to maintain and improve racing association facilities and supplement purses for live races run at each racing association. The increased purses will help the racing associations to compete with racing associations in neighboring states that offer expanded gaming options. The owners, trainers, jockeys, and harness drivers will benefit from increased purses, as well as any improvements to a racing association's facilities. The patrons will benefit from any improvements to a racing association's facilities, as well as from increased pari-mutuel wagering options.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially: This proposed amendment is not anticipated to increase compliance costs significantly for any regulated entity and will not increase compliance costs for the commission. The racing associations will continue to experience costs due to employee compensation and expenses, as well as equipment maintenance. The commission will be reimbursed by the racing associations for additional employee compensation and other expenses.

(b) On a continuing basis: This proposed amendment is not anticipated to increase compliance costs significantly for any regulated entity and will not increase compliance costs for the commission. The racing associations will continue to experience costs due to employee compensation and expenses, as well as equipment maintenance. The commission will be reimbursed by the racing associations for additional employee compensation and other expenses pursuant to KRS 230.240.
