8 Horse Racing Commission (the "commission") to regulate conditions under which horse racing
9 and pari-mutuel wagering thereon shall be conducted in Kentucky. KRS 230.361(1) requires the
10 commission to promulgate administrative regulations governing and regulating pari-mutuel
11 wagering on horse races under the pari-mutuel system of wagering. This administrative
12 regulation establishes the procedures and regulations governing exotic wagering under KRS
13 Chapter 230 and KAR Title 810.

14 Section 1. All Pari-mutuel Wagers on a Historical Horse Race or Races Are Exotic Wagers.

16 exotic wagers.

17 Section 2. Exotic Wagers to Be Approved by Commission.

18 (1) An association shall not offer an exotic wager on any live or historical horse race or
19 races without the prior written approval of the commission.

10 (3) The commission may request additional information from an association regarding the
11 exotic wager if the additional information would assist the commission in deciding whether to
12 approve it.

13 (4) In reviewing a written request for an exotic wager, the commission may consider any
14 information, data, reports, findings, or other factors available which it considers important or
15 relevant to its determination of whether the wager should be approved.

16 (5) The commission or its designee shall review and test the exotic wager and shall give
17 its approval if it is satisfied that:

18 (a) The wager does not adversely affect the safety or integrity of horse racing or pari-
19 mutuel wagering in the Commonwealth; and

20 (b) The wager complies with KRS Chapter 230 and KAR Title 810.

1 (6) The commission shall notify the association if it determines that the criteria set forth
2 in subsection (5) of this section are no longer being met and it intends to withdraw approval of a
3 particular exotic wager.

4 (7) An association shall not implement any change or modification to the practices,
5 procedures, or representations upon which the approval of the exotic wager was based without
6 the prior written approval of the commission.

(1) Provide a brief summary of:

(a) What this administrative regulation does: This regulation clarifies the process for licensed racing associations to request permission from the Kentucky Horse Racing Commission to offer exotic forms of pari-mutuel wagers on live and historical horse races. It includes a process for associations to request permission to offer pari-mutuel wagering on live and historical horse races and establishes criteria for the commission to evaluate such requests.

(b) The necessity of this administrative regulation: This regulation is necessary for the commission to regulate the integrity of pari-mutuel wagering in the Commonwealth.

(c) How this administrative regulation conforms to the content of the authorizing statutes: KRS 230.215(2) authorizes the commission to regulate the conditions under which racing and pari-mutuel wagering thereon shall be conducted in Kentucky. KRS 230.361(1) requires the commission to promulgate administrative regulations governing and regulating pari-mutuel wagering on horse races under the pari-mutuel system of wagering. This regulation establishes the procedures and regulations governing exotic forms of pari-mutuel wagering under KRS Chapter 230 and the commission's administrative regulations.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: KRS 230.361 requires the commission to promulgate administrative regulations governing and regulating pari-mutuel wagering on horse races. This administrative regulation establishes the criteria for determining whether exotic wagers requested by licensed racing association comply with the provisions of KRS Chapter 230 and the commission's administrative regulations.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: This is not an amendment. This is a new regulation.

(b) The necessity of the amendment to this administrative regulation: This is not an amendment. This is a new regulation.

(c) How the amendment conforms to the content of the authorizing statutes: This is not an amendment. This is a new regulation.

(d) How the amendment will assist in the effective administration of the statutes: This is not an amendment. This is a new regulation.

(3) List the type and number of individuals, businesses, organizations, or state and local governments affected by this administrative regulation: This new regulation will affect the eight currently-licensed racing associations in the Commonwealth, any applicant for a racing association license, the owners and trainers who participate in racing in the Commonwealth, the jockeys who ride in the Commonwealth, the harness drivers who drive in the Commonwealth, the patrons who place exotic wagers on live and historical horse racing in the Commonwealth, and the commission.

(4) Provide an analysis of how the entities identified in the previous question will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions each of the regulated entities have to take to comply with this regulation or amendment: The new regulation primarily updates language to comply with *Family Trust Foundation v. Kentucky Horse Racing Commission*, No. 2018-SC-0630 (Sept. 24, 2020) and the passage of SB 120, and migrates Title 811 regulations to Title 810. This emergency amendment will not require regulated entities to take any additional compliance actions that they are not already taking. Additionally, the new regulation will require regulated entities to provide detailed information regarding either the player-funded pool(s) or the trust account (if any) being utilized by each respective association in order to ensure that sufficient funds are at all times available to pay any winning wagers in situations where a pari-mutuel pool becomes a minus pool.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities: This new regulation is not anticipated to significantly increase compliance costs for any regulated entity or the commission.

(c) As a result of compliance, what benefits will accrue to the entities: The associations will have a defined process to follow if they plan to offer exotic wagers. They will be able to offer increased pari-mutuel wagering options to patrons and can expect an increase in on-track attendance and total pari-mutuel handle. The increased revenue can be used to maintain and improve racing association facilities and supplement purses for live races run at each association. The increased purses will help the associations to compete with racing associations in neighboring states that offer expanded gaming options. The owners, trainers, jockeys, and harness drivers will benefit from increased purses, as well as any improvements to an association's facilities. The patrons will benefit from any improvements to an association's facilities, as well as from increased pari-mutuel wagering options.

(5) Provide an estimate of how much it will cost the administrative body to implement this administrative regulation:

(a) Initially: This new regulation is not anticipated to significantly increase compliance costs for any regulated entity and will not increase compliance costs for the commission. The racing associations will continue to experience costs due to employee compensation and expenses, as well as equipment maintenance. The commission will be reimbursed by the associations for additional employee compensation and other expenses.

(b) On a continuing basis: This new regulation is not anticipated to significantly increase compliance costs for any regulated entity and will not increase compliance costs for the commission. The racing associations will continue to experience costs due to employee compensation and expenses, as well as equipment maintenance. The commission will be reimbursed by the associations for additional employee compensation and other expenses pursuant to KRS 230.240.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: This new regulation is not anticipated to significantly increase compliance costs for any regulated entity and will not increase compliance costs for the commission. As a general rule, the commission is reimbursed by the association for additional employee compensation and other expenses pursuant to KRS 230.240.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: This proposed amendment is not anticipated to significantly increase compliance costs for any regulated entity and will not increase compliance costs for the commission.

(8) State whether or not this administrative regulation established any fees or directly or indirectly increased any fees: This new regulation is not anticipated to significantly increase compliance costs for any regulated entity and will not increase compliance costs for the commission. However, as in previous version of this regulation, the associations that request and receive permission to offer exotic wagering on historical horse races will be required to reimburse the commission for the cost of compensation of additional employees and expenses pursuant to KRS 230.240.

(9) TIERING: Is tiering applied? Explain why or why not. Tiering is not applied. All aspects of this regulation will be applied equally to each association.
