

## **Foster Northrop**

Foster Northrop is a veterinarian concentrating his work on the performance horse industry, especially the racing thoroughbred. He splits his time between Churchill Downs and Palm Meadows in the winter.

He attended the University of Georgia and received his BSA in Animal Science. He was also a member of the football team at the University of Georgia. He earned his DVM degree at the University Of Georgia College Of Veterinary Medicine in 1989.

Following his veterinary school training, he worked in Zimbabwe with *Mutual of Omaha's Wild Kingdom* and then he worked for The National Zoo in Washington, DC. He then served an internship and residency with John R. Steele and Associates where he concentrated on Standardbreds and the diagnosis of upper level show horse lameness.

He has been in a partnership with Dr. Mark Cheney since 1992, Cheney and Northrop Equine DVM, PSC.
